

## TABLE OF CONTENTS.

	Page.
<b>Armistead, A. Wilson.</b> A transfer of Leather Carp ( <i>Cyprinus carpio</i> ) from the government ponds at Washington, U. S. A., to Scotland .....	341
<b>Banditten, Eben.</b> Recent contributions to pond cultivation.....	385
<b>Barnes, A. G.</b> Growth and Spawning of German Carp in Alabama.....	424
<b>Bean, Tarleton H.</b> Movements of Young Alewives (?) ( <i>Pomolobus</i> , sp.) in Colorado River, Texas.....	69
— Notes on a Shipment, by the United States Fish Commission, of California Salmon ( <i>Oncorhynchus chouicha</i> ) to Tanner's Creek, Indiana, in 1876.....	204
— Account of a Shipment, by the United States Fish Commission, of California Salmon-Fry ( <i>Oncorhynchus chouicha</i> ) to Southern Louisiana, with a Note on Some Collections Made at Tickfaw .....	205
<b>Behr, von.</b> Treatment of Fish Eggs at Sea .....	346
<b>Borne, Max von dem.</b> Dry transmission of Fish Eggs.....	345
<b>Campbell, J. B.</b> Notes on McCloud River, California, and Some of its Fishes.....	44
<b>Chadwick, H. P.</b> The Destruction of Young Fish by Unsuitable Fishing Implements ...	339
<b>Clark, Frank N.</b> The Self-Picker .....	62
— On the Rearing of Whitefish in Spring Water, and its Relation to their Subsequent Distribution.....	361
<b>Collins, Capt. J. W.</b> Gill-Nets in the Cod-fishery; A Description of the Norwegian Cod-Nets, with Directions for their Use, and a History of their Introduction into the United States .....	1
— An Inquiry as to the Capture of Young Codfish in Chesapeake Bay .....	401
— First Arrival of Mackerel in New York in the Spring of 1882 .....	402
<b>Creighton, R. J.</b> Fish-Culture in New Zealand .....	51
<b>Deblois, Capt. E. T.</b> The Origin of the Menhaden Industry .....	46
<b>Eckardt, Herr.</b> The Peculiarities of Blue Carp.....	369
<b>Finch, Dr. O.</b> Report on a Trip in Germany to Secure Carp for the United States Fish Commission .....	220
<b>Fisher, F. B.</b> Fishing and Fish-Culture in Florida .....	251
<b>Forbes, Prof. S. A.</b> The Food of Young Whitefish ( <i>Coregonus clupeiformis</i> ) .....	19
— On the Food of Young Whitefish ( <i>Coregonus</i> ) .....	260
— An Inquiry into the First Food of Young Lake Whitefish ( <i>Coregonus clupeiformis</i> ) .....	402
<b>Gilbert, W. L.</b> Growth of the Sälbling ( <i>Salmo salvelinus</i> ) in the Old Colony Trout-Ponds at Plymouth, Mass .....	427
<b>Goode, G. Brown.</b> The Carangoid Fishes of the United States—Pompanoes, Crevalles, Amber-Fish, &c .....	30
— Notes on the Life-History of the Eel, Chiefly Derived from a Study of Recent European Authorities .....	71
<b>Goode, G. Brown, and Capt. J. W. Collins.</b> The Winter Haddock Fishery of New England .....	226
<b>Green, Seth.</b> Rearing of California Mountain Trout ( <i>Salmo irideus</i> ) .....	23
— Salmon Caught in Genesee River, New York .....	23
— The Introduction of Land-Locked Salmon into Woodhull Lake, New York, and the Subsequent Capture of Some of Them.....	421
<b>Hauack, Director.</b> A German View of the American Section in the Berlin Fishery Exhibition .....	57
<b>Harding, Charles W.</b> Inquiries Concerning the Propagation of American Smelt and Shad, and Notes on the Fisheries of the Wash in England.....	428

	Page.
<b>Harding, Garrick M.</b> Suggestions to Fish Culturists .....	55
<b>Hawkins, J. W.</b> An Opinion Regarding the Influence upon the Coast Fisheries of the Steamers used in the Menhaden Fishery .....	266
<b>Hemphill, Henry.</b> On the Habits and Distribution of the Geoduck, a Clam of the Pacific ( <i>Glycymeris generosa</i> , Gld.), with Suggestions as to its Introduction into the Atlantic Coast of the United States .....	200
<b>Hermes, Dr. Otto.</b> On the Mature Male Sexual Organs of the Conger-Eel ( <i>Conger vulgaris</i> ), with some Observations on the Male of the Common Eel ( <i>Anguilla vulgaris</i> , Fleming) .....	126
<b>Hessel, Rudolph.</b> Artificial Culture of Medicinal Leeches and of Species of <i>Helix</i> .....	264
<b>Hiester, Charles E.</b> Fish Culture for Profit .....	382
<b>Hinckley, Isaac.</b> The Fish-Eating Cows of Provincetown, Mass .....	134
<b>Hobbs, Orlando.</b> A List of Ohio River Fishes Sold in the Markets .....	124
<b>Hughes, Smith E.</b> Live Ponds for Fish in New Jersey .....	349
<b>Huxley, Prof. T. H.</b> See <b>S. Walpole.</b>	
<b>Jordan, David S., and Charles H. Gilbert.</b> Descriptions of Nineteen New Species of Fishes from the Bay of Panama .....	306
<b>Krause, Dr.</b> Cod and Halibut Fisheries near the Shumagin Islands .....	259
<b>Laughton, Cedric.</b> The Capture of Shad at Isles of Shoals, New Hampshire .....	421
<b>Leonard, J. A.</b> Plan of the International Fisheries Exhibition to be held at Edinburgh, Scotland, and a List of Prizes to be Awarded .....	390
<b>McDonald, Marshall.</b> Experiments in the Transportation of the German Carp in a Limited Supply of Water .....	215
<b>Marquette, George R.</b> Extraordinary Floods in the Potomac River .....	258
<b>Martin, S. J.</b> Coal Ashes as a Means of Raising Mackerel in Pure-Seines .....	65
— Methods of Using Willard's Patent Pocket for Mackerel .....	65
— First Appearance of Fish at Gloucester, 1881 .....	66
— Notes on the Mackerel Fishery of 1881 .....	132
— Notes on New England Fisheries .....	133
— Notes on New England Food-Fishes .....	202
— Notes on the Gloucester Fishery .....	263
— Cod-Fishing with Gill-Nets in Ipswich Bay, Massachusetts .....	264
— Fishery News from Gloucester, Massachusetts .....	265
— Notes on the Gloucester Fisheries .....	268
— Pollock-Fishing in Boston Bay .....	342
— Cod Gill-Nets in Ipswich Bay, Massachusetts .....	343
— Fishery Notes from Gloucester, Massachusetts .....	381
— Codfishing with Gill-Nets from Gloucester, Massachusetts .....	384
— Fishery Notes from Gloucester, Massachusetts, Concerning Cod, Haddock, Herring, Halibut, and Mackerel .....	394
— Notes on the Fisheries of Gloucester, Massachusetts .....	419
— Notes on the Fisheries of Gloucester, Massachusetts .....	425
<b>Milner, J. W.</b> Summary of Fishing Records, for Shad and Alewives, kept at Willow Branch Fishery, North Carolina, from 1835 to 1874 .....	396
<b>Mordecai, M. D., E. R.</b> Food of the Shad of the Atlantic Coast of the United States ( <i>Alosa prestabilis</i> De Kay), and the Functions of the <i>Pyloric caeca</i> .....	277
<b>Norny, E. R.</b> On the Propagation of the Striped Bass .....	67
— A Proposed Pond for Rearing Striped Bass ( <i>Morone saxatilis</i> ) in Delaware Bay .....	260
<b>Osborn, J. H.</b> Notes and Suggestions Concerning the Florida Shad Fishery .....	351
<b>Pasco, I. D.</b> A Call for Carp from Nevada .....	29
<b>Ryder, Francis W.</b> Codfish caught near Cape Charles, Mouth of Chesapeake Bay, in 1834 .....	384
<b>Ryder, John A.</b> A Valuable Edible Mollusk of the West Coast .....	21
— Preliminary Notice of the More Important Scientific Results Obtained from a Study of the Embryology of Fishes .....	22
— Notes on the Development, Spinning Habits, and Structure of the Four-Spined Stickleback ( <i>Apeltes quadracus</i> ) .....	24
— Development of the Spanish Mackerel ( <i>Cybium maculatum</i> ) .....	135
— On the Retardation of the Development of the Ova of the Shad ( <i>Alosa sapidissima</i> ), with Observations on the Egg-Fungus and Bacteria .....	177
— A Contribution to the Development and Morphology of the <i>Lophobranchiatae</i> ( <i>Hippocampus antiquorum</i> , the sea-horse) .....	191

	Page.
— The Protozoa and Protophytes Considered as the Primary or Indirect Source of the Food of Fishes .....	236
— The Micropyle of the Egg of the White Perch .....	282
— Development of the Silver Gar ( <i>Belone longirostris</i> ), with Observations on the Genesis of the Blood in Embryo Fishes, and a Comparison of Fish Ova with those of other Vertebrates .....	283
— On the Nuclear Cleavage-Figures Developed during the Segmentation of the Germinal Disk of the Egg of the Salmon .....	335
— Notes on the Breeding, Food, and Green Color of the Oyster .....	403
— Additional Observations on the Retardation of the Development of the Ova of the Shad.	422
<b>Shears, E. E.</b> Carp in the Hudson River .....	54
<b>Smiley, Chas. W.</b> Changes in the Fisheries of the Great Lakes during the decade 1870-1880 .....	252
<b>Stone, Livingston.</b> Mortality of McCloud River Salmon in 1881 .....	134
<b>Swetitsch, Joseph.</b> A Depot for Embryonated Eggs of all the Valuable Kinds of Fish .....	345
<b>Throckmorton, S. R.</b> The Introduction of Striped Bass into California .....	61
— Description of the Fish-Way in Pitt River, California .....	202
<b>Walpole, S., and Prof. T. H. Huxley.</b> Disease Among the Salmon of Many Rivers of England and Wales .....	420
<b>Weddige, Herr.</b> Castrating Fish .....	59
<b>Wigg, Dr. George.</b> On the Insensibility of the German Carp to Freezing .....	402
<b>Willis, H.</b> Shad Fisheries of the Susquehanna River Fifty-Six Years Ago .....	261
<b>Wilmot, Samuel.</b> Introduction of California Salmon into Ontario, with Remarks on the Disappearance of Maine Salmon from that Province .....	347
— Remarks on the Scarcity of Male and Grilse Salmon in the Rivers of Ontario, Canada ..	370
<b>Wilson, Thomas.</b> The Proposed Introduction of Catfish into Ghent .....	340
<b>Worth, S. G.</b> The Artificial Propagation of the Striped Bass ( <i>Roccus lineatus</i> ) in Albemarle Sound .....	174
<b>Wright, Abel A.</b> A Georgia Carp Pond .....	68
<b>Wright, Harrison,</b> Chairman of the Committee. Report of a Committee of the Wyoming Historical and Geological Society on the Early Shad Fisheries of the North Branch of the Susquehanna River .....	352
<b>Zentz, F.</b> On the Races or Varieties of Carp, Denying the Existence of Blue Carp and Gold Carp .....	387

MISCELLANEOUS AND REPRINTS.

— Protection of Whales .....	17
— American Birds, Animals, and Fishes for New Zealanders .....	53
— Pent-Bogs as Fish-Ponds .....	58
— Official Papers Relating to the Proposed International Fisheries Exhibition at Edinburgh in 1882 .....	130
— Pachaly's Car for Transporting Fish .....	207
— Memorandum of some Results of the Artificial Propagation and Planting of Fish, due mainly to the Efforts of the United States Fish Commission .....	268
— Introduction of the Aland, or Orfe, into England .....	218
— Some Results of the Artificial Propagation of Maine and California Salmon in New England and Canada, Recorded in the years 1879 and 1880 .....	270
— Progress and Results of Fish-Culture .....	396
